Dear all,

I'm very happy to let you know, that we received financing for "E-tool for assessing competences of car mechanics in European context" project.

To be more clear we got a little finance cut about 34000 eur, but this is too big a part of the project. We will receive 120 300 eur.

I do not have any details or official letters (yet) from our NA, because I'm on my holidays in Germany, so probably they send it to our office.

Thank you all for your cooperation, when I came back I will update you about the details and etc.

Have a nice summer,

I'm waiting to start to work with you all.

best regards from Passau

Pagarbiai,
