Dear partners and colleagues,

We are happy to inform you that Finnish National Erasmus Coordinator (Finnish Board of Education) has just approved

our mutual project "Personalized Competence Based Learning Paths for VET in Europe –project" for 2018-2020.

Lapland Education Centre REDU / Rovaniemi Municipal Federation of Education REDU supports all the partners for fulfilling the aims of the projects and especially for producing the products

described on the application. You have all received the summary and the draft of the project application in March when we asked you for participating the project.

In this draft we preliminarily described the roles of each partner. The preliminary main roles for the international partners at the application stage were the following; Germany/Cologne: Training the students, Estonia/Tartu: Developing the digital platform, Spain/Barcelona: Testing and dissemination, Sweden/Skellefte : Testing.

During the application process the content of the project of course developed. In the first international project meeting which will be held in Cologne (tbc) in the Autumn and will discuss, clarify the objectives, partner roles, implementation and the budget (financial framework) of the project .

As soon we will get the official and signed decision and agreements finished we will send you all the necessary project documents. The National Erasmus+ Coordinator has promised to finish

the project agreements in August . As soon they are ready we will post the documents to you for final and official start-up.

Waiting for the official and final documents if you have any questions, please do not hesitate to contact us. However please notice that July is the Finnish official holiday month so

most of us are enjoying Finnish summer   . We will check however our mails randomly so we will contact you as soon as possibly .

We wish you all a nice summer holiday !

With best regards,

REDU Erasmus+ KA2 Team :

Riikka & Jari & Erkki

(Ms. Riikka Knuuti, Mr. Jari Koivumaa & Mr. Erkki Jääskö)
