Dear partners!

I have a great news for all of us : our Erasmus Plus Project has been approved by the EC!!! :) Last week we received the official decision of the Latvian National Agency.

I am sending you here enclosed the Project description and the approved budget!

Which means that we are getting started very soon! :)

Are you still on board with us?

Please let me know ASAP so we could start drafting the necessary administrative documents (Partnership Agreement, Work Plan / Schedule / Tasks and Responsibilities repartition).

Looking forward to our fruitful cooperation within our wonderful Project DIGISOL!

Subject: DIGISOL Project application submitted!!!

Dear partners!

I have the pleasure to announce to you that our Project DIGISOL has been successfully submitted!

Please find here enclosed the application in PDF format, the Project's timeline and the trainers work Schedule (for the Manager, Trainer/Teacher/Researcher, Technician).

Let's cross our fingers and wait for the positive answer from the European Commissions in July / August 2019!

I thank everyone of you for your trust in our idea, in my writing and for your valuable and enthusiastic cooperation, for your reactive answers and of course for your patience!

I am happy to that we are such a strong partner team and I am persuaded that this Project will rock once it gets the green light and the requested budget!

I wish you all a wonderful week and even more wonderful week-end!

We did a great work!

Best regards!

Subject: !!! The deadline for submission of applications has been extended to Tuesday 26 March !!!

Dear Partners!

On the European Commission web page where the applicants submit the application online I just saw this notification appear:

Published Wed Mar 20 2019 01:00:00 GMT+0200

The deadline for submission of applications for the following actions has been extended to Tuesday 26 March 2019 at 12h00 Brussels time: KA201 Strategic Partnerships for School Education, KA202 Strategic Partnerships for Vocational Education and Training, KA203 Strategic Partnerships for Higher Education, KA204 Strategic Partnerships for Adult Education and KA229 School Exchange Partnerships

This means that you have until tomorrow 14h for reading the Project content and send me your comments (if any).

The Project actually is written and all the mandates uploaded, but this does not mean that I would not want to have this supplementary time in order to go again through the Project text and check whether everything is logically

explained and do not contain any unrelated information from our previous projects that does not belong there.

So I will go more thoroughly through the application again tomorrow and on Sunday, but today I will soon go home and have some sleep (as my night was very creative and stressful).

I stay at your disposal for any questions or suggestions.

Your Createrina! ☺
