Subject: Our Nordplus project

To: Liine Maasikas <liine.maasikas@khk.ee>

Dear Liine,

good news! Nordplus has granted the funding we have applied for. Thank you for co-operating in the applying.

The Covid19 will most definitely have an effect on our project. Nordplus has not yet informed me about any changes such as in schedules or other things. I sure, though, that everything will turn out fine with time.

I heard that you are on maternity leave, so I would be grateful if you could forward this message to one of your preparatory education teachers. It would be nice to have a short Teams-meeting to discuss our plans. I am thinking in the first week of June, if your colleagues are at work then.

Ystävällisin terveisin,

///////
