EVERYBODY MOVES WITH THE ACTIVITY BENCH

Download the app

"Research shows that people are more active the closer they live to sports infrastructure."

The activity bench is a multi-person bench with multiple exercise functions. It is an innovative and compact all-in-one device that can add value at various locations: along walking or running routes, squares, parks, sports complexes, facilities for the elderly, etc.

>250 exercises

All ages and exercise levels

Free activity app

Based on WHO guidelines

Maximum activation through free workshops and trainer courses

Individual programme and activity trails
