Osterstraße 58  
20259 Hamburg  
GERMANY**

16.05.2016 nr 19-2/VP-16-0073

## **Confirmation letter of project partnership**

With this letter, the **City of Tartu** wishes to confirm its participation in the project “Sustainable Urban Mobility and commuting in BAaltic cities” (SUMBA) to be applied to the Baltic Sea Region Programme. With this letter, we mandate the City of Hamburg to submit the Concept Note to the Baltic Sea Region Progamme including us as a partner in the project consortium. We will furthermore support the applicant, the City of Hamburg and the coordinating institution Baltic Environmental Forum Germany by

- providing requested data about our city,
- supporting the consortium by finding associated partners in our region, and
- contributing to the project development (concept note and full scale application) by commenting and sharing ideas.

The project SUMBA is in line with our policy goals as defined in our local strategies (SEAP, Transport Development Plan), in particular.

Our contribution to the project will be, that the City of Tartu will to develop a solution for integrated transport solutions in urban and remote areas (modality) to achieve better integration. In the project will be remodeled existing public transport route network to meet the future needs (urban sprawl).

Yours sincerely
